

Memo

To: Mayor Russell and Council Members

From: James Clark, Public Works Director

Date: November 06, 2024

Subject: Sewer Extension Project- Bid & Contract

Regarding the bid and contract for the 412-612 Sewer Extension project, there has been a recent change. We had a great response to the project and received bids from seven contractors. However, the low bid is approximately \$150,000 more than the remaining sewer bonds. I have a meeting scheduled with the contractor on Friday to discuss options to lower the cost. Unfortunately, this final cost will not be available for the COW meeting on Thursday. Once the cost is finalized, I will send Council an email with the final figure for your approval at the Council meeting on the 19th.

James Clark
